

KIRA DALES

As VP Strategy & Operations for Adobe Cloud Technology, Kira leads strategic planning and business operations for the Cloud Technology platform, including roadmap prioritization and processes for release delivery across Adobe. She has more than 20 years of technology experience; at Google she was the Business Lead for Google Maps for Enterprise and Developers, and also led Strategy & Ops for gTech, Google's global technical support for 2M enterprises and 3B+ consumer customers. She also held leadership positions at eBay, where she was responsible for cross-company Global Planning and Operations for eBay Marketplaces, and at Paypal and HP in strategic business and tech planning, and product operations roles. Kira holds a B.S. in Civil & Environmental Engineering from Cornell University, and an M.S. in Civil Engineering from Stanford. She lives in Los Gatos with her husband and their two teen boys and three Snowshoe Siamese rescue cats.
