

Leadership Call to Action

The Transformed Leader: Changing the Corporate Landscape

Continuing the Journey

Your WOMEN Unlimited, Inc. LEAD Program experience has now officially ended but certainly your journey as a developing leader continues. The next phase of your development has just begun. We've celebrated your success and now want to help you create your future.

Call to Action

1. Review your LEAD year for accomplishments and the insights that you have gained. Ask yourself:
 - How do I continue to leverage my key learnings?
 - How do I continue to grow and develop – what should it look like now?
 - How can I continue to make a difference in the corporate landscape (seeding for the future)?
 - How can I serve as a mentor for others?
 - How can I become a mentor within my own organization?
 - How can I still play the role of a mentee?
2. Commit to attend the Reconnect, Reflect and Recommit session. This is a great opportunity to join your fellow participants to reconnect and reaffirm what's important as you continue to learn.
3. You have received a complimentary membership to The WUN | WOMEN Unlimited (Alumnae) Network. We look forward to you participating in upcoming events. Take advantage of the network and stay connected!
4. The LEAD Journey Impact presentation showcases how you have developed and how you will positively impact your organization's goals. Who needs to know more about this? Who needs to be recognized for helping you have this experience?
5. Remember who helped you along your journey. Stay in touch and make sure you keep your net working – for yourself and for the good of others.
