1. Complete the LEAD Commitments and Learning Integration Framework found on page 75 in your Journal.
2. From your action plan, implement at least two of your strategies to increase your Leadership Presence, by enhancing competence or rapport behaviors. Share with your mentor team your commitments, and how you will measure your impact.
3. Review your LEAD Journey Roadmap – determine how the skills of leadership presence will assist you in meeting one of your goals. Update your Roadmap as needed.
