### “Risky Business: Take Risks, Make Decisions”

#### Individual Call to Action

1. Complete the LEAD Commitments and Learning Integration Framework for Session 9 in your Journal.
2. Ask someone you trust – mentor / manager about your effectiveness as a risk taker / decision maker – where are you strong and where do you need to grow?
3. Identify at least one step you can take to start stretching your risk / decision making approach.
4. Meet with your Manager: Share your risk profile and ask what approach she/he takes when weighing risks and making decisions. Share your commitments and discuss how to incorporate your strategies at your organization.
